*The Government spares no effort in promoting the use of mediation as an amicable means to resolve disputes in various sectors. We believe that the culture of mediation should be nurtured amongst students, so that students will appreciate the importance and the usefulness of mediation skills as life skills in resolving conflicts amicably, which will be vital to maintain personal relationships and ultimately construct a harmonious community.*

*This Seminar first features the 5<sup>th</sup> Hong Kong Secondary School Peer Mediation Competition Final, in which young aspiring mediators will display their peer mediation skills under spotlight. In the second session of this Seminar, the speakers will explore the common disputes among students that are suitable for peer mediation and how mediation can be used to prevent escalation of school disputes from the perspectives of a mediator, a lawyer, a teacher and a social worker.*
