## A Brief Introduction of “One Belt, One Road” Initiative

### GOAL:

To promote the spirit of peace, communication, understanding, tolerance, cooperation and common win.

“One belt, one road” initiative faces not only opportunities but also challenges, which require our conscious of risks to be existing and preparation for the tactics to prevent the risks.

## FEATURES:

**Flexibility;**

**Low-cost;**

**Efficiency;**

**Confidentiality.**

# 4

## The Reasons

- 1) **The flexibility of mediation;**
- 2) **Cooperative, rather than confrontational;**
- 3) **Focus on the future business benefits.**

# Cross Border Trade Disputes & International Treaty

- 1) Lack Commercial mediation laws;
- 2) Social credit system is not sound.

## How to Resolve the Execution Problem of Cross-border Settlement Agreement?

- 1) The support from the courts;
- 2) Speed up the legislation of commercial mediation;
- 3) Call for the recognition and enforcement of the settlement agreement of an international treaty to be signed.

# The Differences in the Cultural Background or Language

- 1) Traditional ideas and attached values play an important role in the impact on the outcome of the mediation;
- 2) The “one belt one road” initiative helps to create a common cultural identity and economic collaboration.
