Mediation allows disputants to resolve conflicts in amicable and constructive ways. During mediation, impartial mediators assist disputants to reach mutually acceptable settlements while controlling risks, costs and time.

The “Mediate First” Pledge is a non-legally binding commitment by pledgees to use mediation first to resolve disputes before resorting to other means of dispute resolution, such as court litigation.

By now, over 480 companies, organizations and associations have signed the Pledge.

What is “Mediate First” Pledge 2019
